SUMMARY

I am Roshani Mali, a second-year BCA student with a strong passion for front-end and web development. I specialize in creating interactive and visually appealing webpages, which is evident in my previous projects. My technical skills include proficiency in HTML, CSS, JavaScript, and modern frameworks, enabling me to build user-friendly and responsive web applications. I am eager to apply my knowledge and creativity in a dynamic environment, such as SLMT Technology, where I can contribute to innovative AI-driven solutions that empower communities. I am highly motivated to learn, grow, and make a meaningful impact through my work while gaining hands-on experience.

EXPERIENCE

Front end Web Development Intern 09/2024 12/2024
ASORG Softtech India
offline

- Collaborated with the development team to design, develop, and maintain responsive and user-friendly web pages.
- Implemented front-end features using HTML, CSS, JavaScript, and modern frameworks to enhance user experience.

Internship on AI Technology 06/2024 08/2024
SLMT technology
Offline

- Assisted in the development and implementation of AI modules, leveraging machine learning and deep learning techniques to solve real-world problems.
- Conducted data preprocessing, cleaning, and analysis to prepare datasets for AI model training.

PROJECTS

- asorg.co Website**
 - Designed and developed a portfolio website for ASORG Softtech to showcase their projects, services, and expertise.
 - Focused on creating a responsive, user-friendly interface with modern design elements.
- Resume Builder Web Application**
 - Built a resume builder tool that simplifies the resume creation process with minimal steps.
 - Enabled users to generate professional resumes quickly and efficiently.
- Personal Portfolio Website**
 - Created a personal portfolio website to display my projects, skills, and personality.
 - Designed with a clean, interactive layout to highlight my work and achievements.
